

ENERGIA 200

LED Weatherproof DC Driver

The Energia Weatherproof LED Drivers are designed for all low voltage lighting applications, such as garden lighting and LED strip lighting. These drivers are equipped with safety features such as short circuit & over-current protection. All Drivers include 1.2m cable with a 10A Plug. Now in 12V and 24V variants.

Specifications

Max Output	200W
Ingress Rating	IP67
Protections	Short circuit & over-current
Supply Method	Constant Voltage
Input Voltage	180-250VAC @ 50/60Hz
Output Voltage	12V 24V DC
Material	Aluminium Housing
Cabling	1.2m flex & plug
Dimmable	No
Warranty	3 Years

Order Code	Voltage
LA01	
018	12V
118	24V
