

## NANO 19.2W RGBW

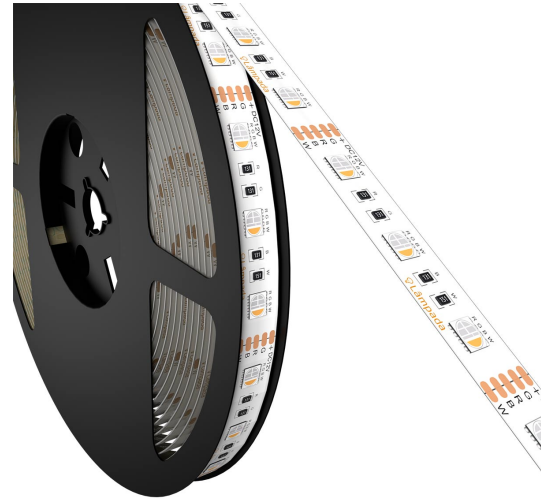

Premium LED Strip Lighting

Commercial Nano series striplight consisng of a double PCB Board and 3M high conductivity adhesive tape.

### Specifications

|                    |                       |
|--------------------|-----------------------|
| Wattage            | 19.2W Per M           |
| LED's Per M        | 120                   |
| Input Voltage      | 12V DC                |
| White Temperature  | 3000K   4000K   5000K |
| Strip Colour       | RGBW                  |
| CRI                | > 80                  |
| Ingress Protection | IP44                  |
| Dimming            | Yes                   |
| Cut Interval       | 50mm                  |
| PCB Width          | 10mm                  |
| Max Length         | 5 Metre Run           |
| Warranty           | 5 Years**             |

Must be used with a suitable 12V DC LED Driver.  
Must be installed on aluminium, or warranty void.

### Dimensions

### Order Code

| Order Code | Temperature                                 |
|------------|---|
| LA6146     | <input type="checkbox"/>                    |
|            | <input checked="" type="checkbox"/> 6 3000K |
|            | <input type="checkbox"/> 7 4000K            |
|            | <input type="checkbox"/> 8 5000K            |
